Welcome!

Thank you for choosing Dermatology Associates of Atlanta, P.C. (DAA) for all of your skin care needs! At our core, we believe the importance of keeping your skin healthy cannot be overemphasized. Our entire staff is dedicated to equating professionalism with a personal level of care.

Founded by Dr. Edmond Griffin in 1979 and later incorporated with business partner Dr. Scott Karempeulis 10 years later, DAA’s providers have over 150 years of combined experience in their fields. Each provider has a different specialty, allowing for service directly tailored to your skin. DAA has a comprehensive facility featuring eight centers within one location dedicated to taking care of your skin, hair and nail care needs. Our providers work closely with each center to ensure the right combination is prescribed to give our patients the best possible treatment for their skin ailment to provide maximum results. All of the skillfully trained providers at DAA are equipped with the knowledge and expertise to detect and treat any skin, hair, or nail disease.

Our Specialty Centers

Atlanta Center for Veins
An early adopter of sclerotherapy and other laser vein removal methods, the Atlanta Center for Veins has over 20 years of experience in treating and eliminating veins. Whether treating delicate facial veins or varicose veins on the legs, there is a variety of safe and effective surgical and minimally invasive treatment options available to allow a customizable plan for optimal treatment results.

Dermatology
Skin conditions can affect almost anyone. Whether a medically necessary or cosmetic procedure, the skilled physicians at our Dermatology Center have the expertise and technology to treat your skin care needs from head to toe. Our providers specialize in an array of skin, hair and nail care treatments for everything from acne management and MOHS Surgery (skin cancer removal) to BOTOX® and facial fillers.

Griffin Center of Hair Restoration & Research
Founded by world-renowned educator and practitioner Dr. Edmond I. Griffin, the highly skilled team at The Griffin Center has provided over 35 years of deep commitment to finding causes of hair loss and educating hair loss sufferers on effective treatment options. Utilizing the latest non-surgical and surgical hair restoration techniques including Follicular Unit Grafting, NeoGraft™, lasers and PRP Therapy, The Griffin Center’s goal is to provide patients from around the globe with natural-looking results.
Our Specialty Centers

Hair Removal
Offering safe and effective hair removal treatment options for women and men, we can permanently rid patients of unwanted body and facial hair. Providing over 20 years of electrolysis and laser hair removal treatments, our qualified providers can treat many areas including the face and neck, back, underarms, bikini area, legs, chest, arms, hands and toes.

Laser Institute of Georgia
With 25 years of experience using the healing qualities of lasers, the providers at the Laser Institute of Georgia are proud to be part of the largest and most experienced laser skin treatment center in the Southeast. Our laser technicians are trained specifically in the use of each of our evolving lasers for a variety of skin conditions from acne, skin imperfections, and unwanted body hair to wrinkles, unwanted tattoos, and some skin cancers.

Psoriasis Treatment
Since 1990, our state-of-the-art Psoriasis Treatment Center has specialized in identifying and creating exceptionally effective options for treating psoriasis patients. While there is currently no cure for psoriasis, proper treatment is dependent on the severity, type and location of skin affected by the condition. Our main objective for psoriasis treatment is to slow down the speed of skin cell production to reduce inflammation, eliminate scales and restore your skin.

Skin Medics™ Medical Spa
Offering an array of treatments for different skin types, Skin Medics™ Medical Spa specializes in customized microdermabrasion, facials, peels, and other facial treatments to keep you looking young, minimizing skin damage and the symptoms of stress. Working closely with the board-certified dermatologists of Dermatology Associates of Atlanta, Skin Medics™ Medical Spa can customize a preventative skin maintenance program to reveal brightened, more youthful looking skin of the face and body.
Our Specialty Centers

The Surgical Suite
For over 25 years, The Surgical Suite has provided a beautiful, soothing and immaculately maintained 2,000-square-foot state-of-the-art facility where our physicians perform blepharoplasty, facial rejuvenation with DOT Laser Technology, Vampire Facelift® and body contouring procedures such as SlimLipo™ and tumescent liposuction. Passing rigorous credentialing requirements from both the State of Georgia and Accreditation Association for Ambulatory Health Care (AAAHC), Inc., The Surgical Suite's mission is to provide patients the best, safest and most comfortable surgical care possible.

Insurance and Financing
Insurance companies will pay for non-cosmetic procedures performed by Dermatology Associates of Atlanta physicians when considered medically necessary. Because each insurance plan is different, we encourage you to read the details of your policy carefully as DAA cannot guarantee coverage and patients are held responsible for cost of treatment not covered by insurance.

For skin treatments and products that insurance does not cover, we offer patients financing options using CareCredit®. This national financing option provides patients with the choice of 6, 12, 18, and 24 month payment plans to meet your specific needs. There is no expiration date or minimum amount with CareCredit®. DAA also accepts all major credit cards.

Contact Dermatology Associates of Atlanta’s billing department at 404-256-4457 ext. 248 for further information about insurance coverage, payment and financing options.
